Anytime material is railroaded, there is a possibility of fabric curling as most fabrics memorize the curvature of the fabric roll. Eventually the fabric will relax after installation.

Railroading of shades is not recommended or covered by warranty. Elite will railroad shades, however, warranty will automatically be waived.

MEASURING GUIDELINES

Accurate measurements are essential, for both correct pricing and proper fit. Use only a hard-edged ruler or steel tape, never a cloth tape. For inside mounts, width measurements should be rounded down to the nearest 1/8" to prevent shade from binding against the window casing.

INSIDE MOUNTING (IB)

- For **Width (A)**, measure across the window casing from one inside edge to the other in three places, top, middle, and bottom. Record the smallest width rounded down to the nearest 1/8".
- For **Length (B)**, measure the inside area from the top inside edge down to the top of the sill in three places, left, middle and right. Record the longest length rounded up to the nearest 1/8".
- The factory will make all the necessary deductions for inside mount.

OUTSIDE MOUNTING (OB)

- For **Width (A)**, measure from one edge of the casing to the other. Record the measurement rounded up to the nearest 1/8".
- For **Length (B)**, measure from the top of the window sill up to the desired top of the shade. Again, record the measurements rounded up to the nearest 1/8".
- Outside mounted shades are fabricated to order dimensions.

CARE & CLEANING

ROUTINE CLEANING

Roller Shades are easy to care for. Occasional dusting with a feather duster or low suction vacuuming with a brush attachment is all that is needed to keep these blinds looking like new. They may also be gently cleaned with a soft cloth using an over-the-counter blind cleaner.

WARRANTY

LIFETIME LIMITED WARRANTY

Roller Shades carry a lifetime limited warranty that covers the blinds for as long as the original retail purchaser owns them, provided that the blinds were properly installed. It's the customer's assurance of satisfaction and quality.
